To whom it may concern, FCC Mail Room,

please, please do not allow nudity & bad language on T.V.! There are so many shows now that have nothing but filth. Whatever happened to the 7-8 PM hour for family. My children are all grown but my Grandchildren & Great Grandchildren have nothing but trash to watch. It's a shame there are not any good writers any more that can produce a quality show for just one hr! The world is going to hell in a hand basket and the movie industry is to blame for a lot of it.

Insist our Attorney General Eric Holder prosecute the Porn Industry, especially, ~~Kidd~~ Porn, its on Scourge on America.

Referring to "Proceedings Number 13-86",
I want to voice my opposition to
any change in the current FCC indecency
standards that would let TV and radio stations
broadcast expletives and nudity on the public

Please exercise the authority that is

for the relaxing of the current policy on FCC
licensed stations

Dear Mr. Clyburn:

I would like to ask you as a Commissioner for the FCC to oppose any changes to the current indecency standards that would allow television and radio stations to broadcast expletives and nudity on public airwaves.

As parents and grandparents, we find it hard to stop the increase in vulgarity that is bombarding our society, and we need you to help us. We feel it is for the good of present and future generations to put some boundaries to protect us all.

Thanks for your time and consideration of our thoughts in this matter.

Sincerely,

Mr. & Mrs. Johnny Jackson

ATTN: Complaint Dept.

To Whom It May Concern.

We the Residents at the Santa Fe Convalescent Hospital would like to file this complaint on Mr. James Edwards Jr. at 3275 Adriatic Ave Long Beach California 90810 for the illegal use of a CB Radio Station, Mr. James resident is located right behind the convalescent hospital. Mr. James has been told by the FCC to take his antenna down in the pass which he did, only to put an antenna on top of a Van parked in his drive way with the coax running into his garage where he continue to use his C.B. with Illegal Power that come over our intercom system, at times very loud. Not only do we have to listen to Mr. James talk, Its the very bad language that he uses when talking, I find these words very offensive and disrespectful, I also feel we should not be forced to listen to such language.

This is being done on a daily basic and he uses the handle (Coon Dog)

I would be very thankful if you would investigate this complaint and bring some relief to this place we call home (Santa Fe Convalescent Hospital)

Thank You

We the residents at the Santa Fe Convalescent Hospital

P/S This is the second request dated 3/25/2012, I have also enclosed a CD. Hope you can solve this matter as soon as possible.

Thank You Again

This is the **third request** and again nothing has been done to solve this matter.

This person known as Coon Dogg has continued to be a problem at this facility with his Illegal equipment and bad language we continue to fine this very offensive and disrespectful.

We have to listen to him talk about his wife and how she likes to have a big D..k inside her by another CBer name Big Daddy O and how he screwed her sister Marta,

We are really tired of hearing this and was wishing that you could do something to solve this matter.

This is the third request.

To Whom It May Concern,

Our children and young adults have far too much exposure to nudity and graphic language! Must we all be subjected to the desire of those that want more and more and more? Our society demands that a line in the sand must be drawn and that we as people do not sink our ethics and habits to the comfort degree that you are exploring. Your commission has a great responsibility to represent decent standards for the majority to feel comfortable watching. We do not need a surprise or two each program we watch. The writers will always throw in more and more of such. Please, please help parents and grandparents instill higher standards in their families and take the control away from us in allowing a "no limit" standard on tv.

Thank you.
